REPLY TO ATTN OF: LBZ/1033

2 February 1960

SUBJECT: Weekly Diary Item

TO: LBG

Transfer of Centaur Procurement: Representatives of ARDC procurement met with representatives of LBZ, LBF, LBP, and WDZ, 1 Feb. at this Headquarters concerning transfer of project Centaur procurement from Hq ARDC to BMC. Centaur is a NASA project; however, AFBMD has a technical group to furnish Air Force technical support to NASA. Transfer of the contracts can probably be effected within a few weeks and will result in consolidation of Air Force responsibilities for Centaur at this Complex.
